International orders:

If you want to order dangerous goods, we need:

- a copy of your import permission

Carrier needs statement of recipient according to IATA regulations that the recipient has the permission by national health authority to accept infectious material.

Our reference materials are made of human blood or plasma and are to be regarded as potentially infectious. The risk, that these materials contain human pathogen HIV-, HBV or HCV-viruses, cannot be excluded: Shipment is performed in compliance with **UN 3373, Class 6.2., packing inst. 650**

In case of shipment mode 1 on dry ice, the shipment conforms to **UN 1845, class 9, packing instruction 954**

- name and phone number of a responsible person (24 hour emergency contact)

responsible person: _____

phone: _____

It is the responsibility of the person ordering the goods to obtain any necessary import permits/licences needed to accompany the dispatch. These permits should be sent to PEI at the time of ordering together with the order.
